Name of Student
We follow a policy of allowing students to administer their own medications unless the parent is not comfortable with this arrangement or unless CUB staff has any concerns about the possibility of problems with a particular medication. a parent has concerns, he or she can turn the medications over to our Residential Director (RD) and the RD will administer the medication. It must come in the original container with clear instructions and we must have a signed permission form from the parent. For prescription medication, please fill one form out for each medication.
Prescription Medication:
My child will not be taking any prescription medication during his/her stay at Upward Bound.
My child will self administer his/her prescription medication Fill out information below so we know what the
child will bring. UB does not take responsibility for this.
